Desktop / Wall Mounting System **131AA**

The Athena 131AA Desktop / Wall Mounting System is a flexible and ergonomic mounting solution designed for clinical and high-standard workspaces. Supporting monitors up to 10 kg, including an integrated keyboard tray, this system enables comfortable daily use while maintaining a clean and organized setup.

The monitor can be tilted, swiveled, and rotated to achieve optimal viewing angles, while the keyboard platform features a 5-degree tilt to support an ergonomic working posture. With compatibility for VESA 75/100 mm and a versatile C-clamp mounting bracket that can also be used for wall mounting, the 131AA adapts easily to different desk and wall configurations. Its extendable arm adds further flexibility, making it a practical solution for environments where ergonomics, adjustability, and reliability are essential.
