Gas Spring Slim Tablet Desktop Arm **851CA**

The Athena 851CA Gas Spring Slim Tablet Desktop Arm is an ergonomic and space-saving mounting solution designed for tablet-based workflows in clinical and high-standard environments. Supporting tablets from 7.9 to 13 inches with a load capacity of up to 3 kg, it provides stable and secure positioning for daily professional use.

Equipped with a gas spring-assisted arm, the 851CA allows smooth height adjustment and precise positioning. The tablet holder offers 360° rotation and 180° tilt, while three pivot points enable effortless swiveling to any desired position. With a desktop C-clamp mount suitable for surfaces up to 9 cm thick, a streamlined design, and external cable management, the 851CA helps keep workspaces clean, organized, and ergonomic—ideal for environments where flexibility and comfort are essential.
